

## Nomination Bios:

### **Brett Martin:**

Hello My name is Brett Martin, I am the Owner and Founder of TruHorizon Solar Inc., a nationwide solar installation company dedicated to helping Homeowners reduce energy cost while promoting sustainable power. I graduated from Azle High School and after attended The University of North Texas. I have deep roots in the community and a strong commitment to making a positive impact here. My Wife Victoria and our three children Emma, Fletcher, and Lilly have lived in The Preserve on Ash Creek for two years. We love our little neighborhood and want to contribute in any way we can to support the growth, and future planning for the neighborhood. I enjoy being involved in my children's sports endeavors, and coaching when possible. In our home we focus on strong values, community involvement, and creating opportunities for a successful future. I am a current board member of the Azle Youth Sports that facilitates Football, Basketball, and Volleyball for our youth in the community. With years of leadership experience running my own business, and being involved in other boards within the past few years, I understand the importance of communication, transparency, planning, and accountability. These are all qualities I look forward to being able to bring to the board. I value a well maintained, welcoming neighborhood and I am committed to listening to residents' questions, and concerns while helping foster a strong respectful community. Thank you for your consideration, Brett Martin

### **Bradley McMurtry:**

A US Army Gulf War and Somalia veteran working currently at Fort Worth Housing Solutions as a facilities manager for the assets department. Have been in residential and commercial Maintenance and Repair for the last 20+ years. Married for 34 years to my High School sweetheart, Vanessa. We have a 10 year old Black Cocker Spaniel, Buster who is our baby and one adult Daughter, Katelyn. My passion is my yard and playing drums. One of the best things we have found in our neighborhood is the willingness to help others and I want to continue that sentiment of neighbors and friendships. Thank you.
